Independent Auditor's Review Report

(2022) Cai-Shen-Bao-Zi No.22001421

To the Board of Directors and Shareholders of Prime Oil Chemical Service Corporation.:

Foreword

We have reviewed the accompanying consolidated balance sheets of Prime Oil Chemical Service Corporation and its subsidiaries (the “POCS Group”) as of June 30, 2022 and 2021 and the related consolidated comprehensive income statements, for the three months ended June 30, 2021 and 2020 and for the six months ended June 30, 2021 and 2020, consolidated statements of changes in equity and consolidated cash flow statements for the periods then ended, and notes to the consolidated financial statements (including a summary of significant accounting policies). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulation Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Statement 34 “Interim Financial Reporting” endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on the consolidated financial statements based on our review.

Scope of Review

Except for those described in the paragraph of basis of qualified conclusion, we concluded our reviews in accordance with Statements of Auditing Standards No. 65 “Review of Financial Information Performed by the Independent Auditor of the Entity.” A review of consolidated financial statements consists of making inquiries (primarily of persons responsible for financial and accounting matters), and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of qualified conclusion

As described in Note 4(3) 2. to the consolidated financial statements, the financial statements of certain non-significant subsidiaries included in the above consolidated financial statements for the same period have not been reviewed by us. As of June 30, 2022 and 2021, their total assets amounted to NT\$496,325 thousand and NT\$398,831 thousand, respectively, accounting for 24% and 24% of the consolidated total assets; their total liabilities amounted to NT\$95,387 thousand and NT\$102,595 thousand, respectively, accounting for 9% and 19% of

the consolidated total liabilities. Their total consolidated income from April 1 to June 30, 2022 and 2021, January 1 to June 30, 2022 and 2021, was NT\$(8,015) thousand、NT\$1,623 thousand、NT\$(3,456) thousand and NT\$2,649 thousand, respectively, which accounted for (27)%、8%、(5)% and 5% of the consolidated comprehensive income, respectively.

Qualified conclusion

Based on our review, except for the effect of adjustments, if any, as might have been made to the consolidated financial statements had the financial statements of these non-significant subsidiaries been reviewed by us as described in the paragraph of basis of qualified conclusion, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material aspects the consolidated financial position of the POCS Group as of June 30, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the three months then ended June 30, 2022 and 2021, January 1 to June 30, 2022 and 2021, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 “Interim Financial Reporting” endorsed by the Financial Supervisory Commission

IV. Summary of significant accounting policies

The significant accounting policies are the same as those described in Note 4 to the consolidated financial statements as of and for the year ended December 31, 2021, except for the statement of compliance, the basis of preparation, the basis of consolidation, and the new sections described below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(I) Compliance statement

1. The consolidated financial statements have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and International 34 "Interim Financial Reporting" endorsed by the Financial Supervisory Commission
2. The consolidated financial statements should be read in conjunction with the consolidated financial statements as of and for the year ended December 31, 2021.

(II) Basis of preparation

1. The consolidated financial statements have been prepared on a historical cost basis, except for the following significant items.
 - (1) Financial assets at fair value through profit or loss are measured at fair value.
 - (2) Other comprehensive income at fair value through profit or loss are measured at fair value.
 - (3) The defined benefit liability is recognized as the net of the present value of the pension fund assets less the defined benefit obligation.
2. The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(III) Basis of consolidation

1. The basis for preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with the same principles as the consolidated financial statements as of and for the year ended December 31, 2021.

2. Subsidiaries included in consolidated financial statements

<u>Investor</u>	<u>Investee</u>	<u>Main Business</u>	<u>Shareholding percentage (%)</u>			
			<u>June 30, 2022</u>	<u>December 31, 2021</u>	<u>June 30, 2021</u>	<u>Description</u>
The Company	He Zhen Feng Co., Ltd.	Real Estate Leasing	69.47	69.47	69.47	Note 2
The Company	POCS Power Co., Ltd.	Solar Power Industry	100.00	100.00	100.00	Note 2

PHC	Prime Solar Energy Co., Ltd.	Real Estate Development	100.00	100.00	100.00	Note 1 and 2

Note 1: Prime Solar Energy Co., Ltd. is a subsidiary established in Cambodia through another subsidiary, Prime Holdings Corporation. In order for Prime Solar Energy Co., Ltd. to legally hold land in Cambodia, 51% of the shares are nominally held through local persons in accordance with local laws and regulations, but Prime Holdings Corporation still enjoys 100% equity and control in substance.

Note 2: Their financial statements as of June 30, 2022 and 2021 were not reviewed by CPAs because they did not meet the definition of a significant subsidiary.

3. Subsidiaries not included in consolidated financial statements: No such situation.
4. Adjustments for subsidiaries with different balance sheet dates: No such situation.

5. Significant restrictions: No such situation.

6. Subsidiaries that have non-controlling interests that are material to the Corporate Group: No such situation.

(IV) Investments accounted for using equity method / associates

Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. For the Group, investments in associates are accounted for using the equity method and are initially recognised at cost

(V) Employee benefits

Pension ~ defined benefit plan

The pension cost for the interim period is calculated using the actuarially determined pension cost rate as of the end of the previous fiscal year and is based on the beginning of the year to the end of the current period. If there are significant market changes and material reductions, settlements or other significant one-time events after the cut off day, adjustments will be made and the relevant information will be disclosed in accordance with the aforementioned policy.

(VI) Income tax

The income tax expense for the interim period is calculated by applying the estimated average effective tax rate for the year to the income before tax for the interim period and the related information is disclosed.

V. Significant Accounting Estimations and Judgments, and Main Sources of Assumption Uncertainties

There were no significant changes during the period. Please refer to Note 5 of the Notes to Consolidated Financial Statements as of and for the year ended December 31, 2021.

VI. Statements of main accounting items

4. Without considering the collaterals held or other credit enhancements, the amount of financial assets at fair value through other comprehensive income that best represented the Group's maximum exposure to credit risk was \$34,281, \$36,214 and \$40,109 as of June 30, 2022, December 31, 2021 and June 30, 2021, respectively.
5. The Company has not pledged any financial assets at fair value through other comprehensive income.
6. Please refer to Note 12, (2) for the related credit risk information of financial assets at fair value through profit and loss.

(IV) Financial assets measured at amortized cost

<u>Item</u>	<u>June 30, 2022</u>	<u>December 31,</u> <u>2021</u>	<u>June 30, 2021</u>
Current items:			
The term deposit with original maturity over three months	\$ -	\$ 10,000	\$ -

Total	<u>\$ 17,209</u>	<u>\$ 26,026</u>	<u>\$ 16,130</u>
Non-current items:			
Restricted asset	<u>\$ 2,302</u>	<u>\$ 2,301</u>	<u>\$ 2,300</u>

1. The details of the financial assets measured at amortized cost that were recognized in the profit and loss are as follows:

	<u>April 1 to June 30,</u> <u>2022</u>	<u>April 1 to June 30,</u> <u>2021</u>
Interest income	\$ 6	\$ 3
Benefit on valuation	<u>635</u>	<u>(391)</u>
	<u>\$ 641</u>	<u>(\$ 388)</u>

	<u>January 1 to June 30,</u> <u>2022</u>	<u>January 1 to June 30,</u> <u>2021</u>
Interest income	\$ 6	\$ 3
Benefit on valuation	<u>1,183</u>	<u>(359)</u>
	<u>\$ 1,189</u>	<u>(\$ 356)</u>

2. Without considering the collaterals held or other credit enhancements, the amount of financial assets measured at amortized cost that best represented the Corporate Group's maximum exposure to credit risk was \$19,511、\$28,327 and \$18,430 as of June 30, 2022 December 31, 2021 and June 30, 2021, respectively.
3. Information about the financial assets measured at amortized cost that were pledged to others as collaterals is provided in Note 8.
4. Risk information about the relative financial assets measured at amortized cost is provided in Note 12(2)
5. On December 22, 2016, the Corporate Group entered into a contract for the construction of a solar power generation system (hereinafter referred to as the "construction contract") and a contract for the purchase of solar power generation system equipment (hereinafter referred to as the "purchase contract") with Chunghwa Telecom Vietnam Co. Ltd. to construct a solar power generation system in Cambodia. The total construction price was US\$7,750 thousand. On December 28, 2016, the Company trusted US\$6,010 thousand by wire transfer to a third-party financial institution; as of June 30, 2022, December 31, 2021, and June 30, 2021 the balance of the trust account was US\$580 thousand, which is shown as "financial assets measured at amortized cost - current" due to the restricted use.
6. According to the construction contract, the construction of the solar power generation system in the preceding paragraph should be completed within one year and the amount in trust account has been paid to Chunghwa Telecom Vietnam Co. Ltd. However, Chunghwa Telecom Vietnam Co., Ltd. refused to fulfill its obligations under the above "construction contract" in the third quarter of 2017. In view of the aforementioned situation, the Company sent a formal letter to Chunghwa Telecom Vietnam to urge Chunghwa Telecom Vietnam to perform its obligations under the construction contract within the deadline, however after the expiration of the reminder period, Chunghwa Telecom Vietnam's contract obligations remained unfulfilled. Hence the Company legally terminated the construction contract. The Company has filed a lawsuit for civil damages with the Taiwan Taipei District Court (TDC) in April, 2018.
7. In December 2020, the Company received a notice of judgment from the TDC denying the Company's request. After consulting with the attorney, the Company filed an appeal with the Taiwan High Court in January 2021.

5. The Group's total lease cash outflows were \$23,131 and \$30,000 from January 1 to June 30, 2022 and 2021, respectively (of which \$18,522 and \$26,032 were for the principal of lease liabilities).
6. Effect of variable lease payments on lease liabilities

The subjects of the Group's lease agreements with variable lease payment terms are linked to the amount of electricity sales generated from the solar power generation sites. Solar power generation sites are built on rooftops. This type of lease is based on variable-rate payment terms and is only related to the amount of electricity sales. Variable lease payments related to the amount of electricity sales are recognized as expenses in the period in which the electricity sales occur.

(IX) Leasing arrangements - lessor

1. The subject assets leased by the Group are warehousing equipment. The lease agreements are usually for a period of 1 to 6 years and are negotiated on an individual basis and contain various terms and conditions.

Note: The Group entered into a long-term loan agreement with Mega International Commercial Bank (Mega Bank) for a facility amount of \$120,000 in 2018. The financial ratio limits for the duration of the loan are that the current ratio should be maintained at 85% or more and the debt ratio should be maintained at 150% or less. The aforementioned ratios are calculated based on the annual consolidated financial statements and are reviewed annually. If the aforementioned financial review criteria are not met, the interest rate on this loan will be increased by 0.1% from the day after the violation to the day before the improvement. The Group's consolidated financial statements for 2021 did not meet this review, but if the bank increases the interest rate, there should be no significant impact on the Group.

1. Defined benefit plan

- (1) In accordance with the Labor Standards Act, the Company and its domestic subsidiaries have established a defined benefit pension plan that applies to the years of service prior to the implementation of the Labor Pension Act on July 1, 2005 for all regular employees, and to the subsequent years of service for employees who choose to continue to be subject to the Labor Standards Act after the implementation of the Labor Pension Act. In addition, in the fourth quarter of 2010, the Company established a new pension plan for commissioned employees, who are not subject to the Labor Standards Act. For employees who meet the retirement criteria, pension payments are calculated based on the years of service and the average salary for the six months prior to retirement, with two bases for each year of service up to (inclusive) 15 years and one base for each year of service over 15 years, subject to a maximum accumulation of 45 bases. The years of service of the commissioned employees subject to the Labor Pension Act is calculated at 6% of the total salary during the term of appointment. The Company contributes monthly to pension funds at 8% of total salaries. The pension funds for regular employees and commissioned employees are deposited in the name of the Supervisory Committee of Labor Retirement Reserve in the Trust Department of Bank of Taiwan and Taishin International Bank, respectively. In addition, the Company estimates the balances of the pension funds before the end of each year. If the balances are not sufficient to pay the pensions based on the aforementioned calculations to eligible employees in the following year, the Company will make a one-time catch-up with the difference before the end of March of the following year.
- (2) For April 1 to June 30, 2022 and 2021, January 1 to June 30, 2022 and 2021 the pension costs recognized by the Group in accordance with the aforementioned pension plan were \$67 、\$52 、\$133 and \$104, respectively.
- (3) The company's estimated contribution to pay for the pension plan in 2022 was \$1,458.

2. Defined contribution plan

Since July 1, 2005, the Company has established a defined contribution pension plan under the Labor Pension Act covering all regular employees with domestic citizenship. The Company contributes monthly no less than 6% of salaries as labor pensions to employees' personal accounts at the Bureau of Labor Insurance for employees who choose to apply the labor pension system under the "Labor Pension Act." Payments of employee pensions are made in the form of monthly pensions or one-time lump-sum, depending on the amount of the employees' personal accounts and accumulated earnings. The Company recognized pension costs of \$632 、\$569 、\$1,264 and \$1,148 for April 1 to June 30, 2022 and 2021, January 1 to June 30, 2022 and 2021 respectively, based on the above pension plan.

(XIII) Provision

	<u>January 1 to June 30,</u> <u>2022</u>	<u>January 1 to June 30,</u> <u>2021</u>

Provision added this period	<u>2,199 -</u>	<u>714</u>
Balance as of June 30	<u>\$ 27,384</u>	<u>\$ 22,637</u>

The nature of the Group's provision for liabilities is described as follows.

1. The Group entered into a lease agreement with the Taiwan International Ports Corporation, Ltd. in November 2016, and renewed in June 2022 for a period ending on April 30, 2028. According to the contract, the Group should restore the leased terminal base to its original condition by demotion at the end of the lease period. Therefore, the provision for liabilities based on the expected cost of dismantling, removing or restoring the site was \$9,886 as of June 30, 2022, December 31, 2021 and June 30, 2021.
2. The Group's solar power generation sites are built on the roof. According to the contract, the Group should restore the leased site to its original condition at the end of the lease term. Therefore, the provision for liabilities recognized for the solar power site based on the costs expected to be incurred for dismantling, removing or restoring the site were \$17,498, \$15,299 and \$12,751 as of June 30, 2022, December 31, 2021 and June 30, 2021, respectively.

(XIV) Share capital

As of June 30, 2022, the Company's authorized capital was \$2,000,000 and the paid-in capital was \$690,344, divided into 69,034 thousand shares with a par value of \$10 per share.

The reconciliation of the number of shares of the Company's common stock in circulation at the beginning of the period to the end of the period is as follows:

	<u>January 1 to June 30,</u> <u>2022</u>	<u>January 1 to June 30,</u> <u>2021</u>
Number at the beginning of the period (i.e. Number at the end of the period)	<u>69,034 thousand shares</u>	<u>69,034 thousand shares</u>

(XV) Additional paid-in capital

In accordance with the Company Act, any capital surplus arising from paid-in capital in excess of the par value on issuance of common stocks can be used to cover accumulated losses or to distribute new stocks or cash to shareholders in proportion to their shareholdings, provided that the Company has no accumulated losses. Further, the Securities and Exchange Act requires that the amount of capital surplus to be capitalized, as above, should not exceed 10% of paid-in capital each year. Capital surpluses should not be used to cover accumulated deficit unless the legal reserve is insufficient.

(XVI) Retained earnings

1. In accordance with the Company Act, the capital surplus from premium from issuance of shares in excess of par value and the capital surplus from donations may be used to cover losses, and new shares or cash may be issued in proportion to the shareholders' original shareholding percentages when the Company has no accumulated losses. In addition, in accordance with the Securities and Exchange Act, the above capital surplus can be capitalized to the extent that the total amount does not exceed 10% of the paid-in capital each year. Capital surpluses should not be used to cover accumulated deficit unless the legal reserve is insufficient.
2. In accordance with the Company Act, the legal reserve may not be used except to cover losses or to issue new shares or cash in proportion to the shareholders' original shareholding percentages, but it is limited to the portion of the legal reserve over 25% of the paid-in capital.
3. On June 23, 2022, the Board of Directors proposed to approve the distribution of earnings for 2021, and on August 18, 2021, the shareholders' meeting resolved to approve the distribution of earnings for 2020, as follows.

2. Risk management policies

The Group's daily operations are subject to a number of financial risks, including market risk (including exchange rate risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial position and performance.

The Group's significant financial risk management is controlled with review by the Board of Directors in accordance with relevant regulations and internal control systems. The financial risk management plan has been established to identify and analyze the financial risks faced by the Company and assess their impact, and to implement relevant policies to avoid financial risks, and to regularly review the financial risk policy to reflect changes in market conditions and the Group's operations.

3. Significant financial risks and degrees of financial risks

(1) Market risk

Exchange rate risk

- A. The Group engages in business involving foreign currency transactions and is therefore subject to exchange rate fluctuations and exchange rate risk arising from different currencies, mainly USD. The related exchange rate risk arises from future business transactions and recognized assets. Exchange rate risk arises when future business transactions and recognized assets are denominated in the functional currency of the entity
- B. The Group has no significant foreign currency financial liabilities. An analysis of foreign currency assets subject to significant exchange rate fluctuations and foreign currency market risk due to significant exchange rate fluctuations is as follows.

C. The total amount of exchange benefit (losses) (both realized and unrealized) recognized from April 1 to June 30, 2022 and 2021, January 1 to June 30, 2022 and 2021 was \$732、(\$1,169)、\$1,317 and (\$1,194), respectively, due to the significant impact of exchange rate fluctuations on the Group's monetary items.

(2) Price risk

A. The Group's equity instruments exposed to price risk are financial assets held at fair value through profit or loss and financial assets at fair value through other comprehensive income. To manage the price risk of equity securities, the Group diversifies its investment portfolio in a manner that is based on the limits set by the Group.

B. The Group invests mainly in equity instruments and beneficiary certificates that are not listed on TWSE or TPEX. The prices of these equity instruments are affected by the uncertainty of the future value of the underlying investments.

(3) Cash flow and fair value interest rate risk

A. The Group's interest rate risk arises from long-term borrowings. Borrowings issued at variable rates expose the Group to cash flow interest rate risk which is partially offset by cash and cash equivalents held at variable rates. For the 6 months ended June 30, 2022 and 2021, the Group's borrowings based on floating interest rate were denominated in NTD.

B. The Group simulates various scenarios and analyzes interest rate risk, including

consideration of refinancing, renewal of existing positions, other available financing and hedging, in order to calculate the impact of changes in specific interest rates on profit or loss. For each simulated scenario, the same interest rate change is applied to all currencies. These simulated scenarios are used only for significant interest-bearing liabilities.

- C. As of June 30, 2022, December 31, 2021 and June 30, 2021, if the interest rate on borrowings had increased by 1%, net profits after tax would have decreased by \$2,216 and \$1,517 for the 6 months ended June 30, 2022 and 2021, with all other factors held constant, primarily due to the increase in interest expense as a result of floating rate borrowings.

(4) Credit risk

- A. The Group's credit risk is the risk of financial loss arising from the failure of customers or counterparties to financial instruments to meet their contractual obligations, mainly from the failure of counterparties to settle accounts receivable on payment terms.
- B. For receivables arising from operating activities, the Group has established relevant credit risk management mechanisms and regularly evaluates the financial position, credit limits and other factors of the related debtors, and the current creditworthiness of the receivables is good and there was no significant credit risk according to the assessment. The cash and cash equivalents have been assessed to be free of material risk.
- C. The Group assumes that a default is deemed to have occurred when payments are more than 60 days overdue in accordance with the contractual payment terms.
- D. The Group categorizes accounts receivable from customers according to the characteristics of revenue types and estimates expected credit losses based on the loss ratio method on a simplified basis.
- E. The Group has estimated the allowance for losses on accounts receivable by incorporating forward-looking adjustments to the loss rate established based on historical and current information for a specific period, as the Group's customers are in good credit standing and the overdue accounts receivable and the overdue loss rate were not material as of June 30, 2022, December 31, 2021 and June 30, 2021.
- F. There was no sign of impairment of the Group's notes receivable.

(5) Liquidity risk

- A. The Group's finance department prepares future cash flow forecasts to monitor future funding requirements and to ensure that sufficient funds are available for disbursement, and maintains sufficient borrowing facilities to adjust for future funding shortfalls.
- B. The following schedule shows the Group's non-derivative financial liabilities, grouped by the relevant maturity date. Non-derivative financial liabilities are analyzed based on the remaining period from the balance sheet date to the contractual maturity date. The contractual cash flow amounts disclosed in the schedule below are undiscounted amounts.

(III) Fair value information

1. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The fair values of the Group's investments in TWSE and TPEX listed stocks belong to this.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. The Group's investments in non-listed stocks belong to this.

2. For financial and non-financial instruments measured at fair value, the Group classifies them based on the basis of the nature, characteristics and risks of the assets and fair value level, and the related information is as follows.

June 30, 2022	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

June 30 \$ 144,922 \$ 122,927

4. For the 6 months ended June 30, 2022 and 2021, there were no transfers in or out of Level 3.
5. The Group's valuation process for fair value classification in Level 3 is conducted by the finance and accounting department, which is responsible for conducting independent fair value verification of financial instruments, using independent sources of information to make the valuation results approximate market conditions, confirming that the sources of information are independent, reliable, consistent with other resources and representative of executable prices, and regularly updating the input values and information required by the valuation models and any other necessary fair value adjustments to ensure that the valuation results are reasonable.
6. Quantitative information regarding the significant unobservable input values of the valuation models used for Level 3 fair value measurements and sensitivity analysis of changes in significant unobservable input values are described below.

(IV) Sound Financial Planning

The Company's expenditures for the addition and maintenance of chemical and oil storage tanks and the construction of solar power generation sites were mainly financed by its own funds and bank loans. However, the construction of solar power plants requires huge capital expenditure, and the income from electricity sales is stable and recoverable. In order to keep more cash to cope with the rapid changes in the industry, if we continue to invest in power plant development, we can only rely on bank borrowings to cover the capital gap in a timely manner. In addition to the above, in order to diversify the revenue sources and stabilize the scale of business growth. The Group has holds 20% of ABZbridge Corporation's equity for a total investment amount of \$97,653, which was invested in March, 2022.

The following are planned for a sound financial position:

1. In order to reduce the need for capital deployment and reduce the Company's operating risks, the Company expects to apply for a cash capital increase to repay loans from financial institutions, which will reduce the Company's dependence on loans from financial institutions and strengthen its financial structure, and will facilitate flexible capital deployment in the future. Please refer to Note 11 of the Company will issue of common stock for cash in the second half of 2022.
2. The Company intends to disposal of financial assets at fair value through other comprehensive income, and the price is \$28,710.
3. As of June 30, 2023, the Company had short- and medium-term loans of \$143,500 to be utilized and long-term loans of \$59,700 to be utilized.

XIV. Operating Segments Information

(I) General information

The Group's management has identified the reportable segments based on the reported information used by the chairperson in making decisions.

The Group has two reportable segments, the oil and chemical tank rental business and the solar power business, which provide oil and chemical tank rental and electricity sales, respectively, as the main sources of revenue.

(II) Measurement of segment information

The Group's operating segments adopt consistent accounting policies. The Group's operating decision makers evaluate the performance of each operating segment based on operating revenue and net profit after tax.

(III) Segment information

The Group's segment operating profit reported to the chief operating decision makers is measured in a manner consistent with the revenue and expenses in the income statement. The Group does not provide the total assets and liabilities to the operating decision maker for operating decisions.
